

TECHNICAL DATA SHEET

FIREBLOCK FFG

PRODUCT AND ADDICTIVES

Potassium polyacrylate
Montmorillonite
Quartz
Mica
Stabilizers
Thickening agents

PRODUCT DESCRIPTION

FIREBLOCK FFG is a fire retardant / suppressant. Supplied in a gel form, for the use in Fire extinguishers and Fire suppression systems that are used for the fighting and controlling of class A fires through safe and nontoxic chemical means. FIREBLOCK FFG is polymer based product with high bonding properties so that it will stick to surfaces protecting them from fire.

PRODUCT BENEFITS

Suitable for the use in most fire suppression systems and fire extinguishers.
Highly concentrated
Provides a layer on the fire (which is easily washed off) that reduces the heat to a point that the fire is extinguished.
More effective than the use of water
Requires less product to extinguish a fire compared to extinguishing the fire with water.
Extinguishes fires quick and easily - saving time and labour.
Prevents fire from reigniting
Nontoxic and safe for people and animals

TYPICAL APPLICATIONS

Suitable for the use in most fire suppression systems and fire extinguishers.

SUITABLE SURFACES TO SPRAY

All natural and synthetic materials can be safely sprayed.

SHELF LIFE

FIREBLOCK FFG is hygroscopic and absorbs moisture. Keep sealed and store in a cool dry place
18 month shelf life

PHYSICAL PROPERTIES

Odourless, beige colour gel.

HEALTH AND SAFETY

Safe and nontoxic to use
Wash with large quantities of water if ingested or have contact to eyes or skin.
See MATERIAL SAFETY DATA SHEET

PACKAGING

FIREBLOCK FFG is available in the following packing:
25kg containers.
1000kg Flow bins

APPLICATION:

For the use in Fire Extinguishers and Fire Suppression Systems.

FILM THICKNESS

Depending on the application and thickness required.

THEORETICAL COVERAGE

Depends on how thick you spray the gel.

CLEANING OF EQUIPMENT

Clean spray and container with water after use

CLEANING OF ITEMS SPRAYED

Spray clean water on to any item sprayed with FIREBLOCK FFG that you wish to remove the gel from.
